

## Texas Mobile STEM Lab Parking Map (Expandable)

The Mobile Lab is a self-sufficient immersive learning pod on wheels. A modified touchdown trailer outfitted with technology and equipment; this mobile classroom accommodates up to 24 students. The mobile lab is self-sufficient with its own electricity, heating, and cooling.

**Mobile Lab specifics:** The trailer is a custom-built 38' touchdown trailer that is 45' long x 8'5" wide x 13'5" tall when transported (including the driver's tractor). Once in place and expanded, it is 38' long x 16' wide. It is transported using a standard tractor/semi. The Gross Vehicle Weight Rating (GVWR) is 30,000 lbs. The Mobile Lab parking space needs to be at least 75' long and 20' wide on a hard, level surface (about 5 parking spaces). Our lab is equipped with a 100-gallon diesel-powered generator as well as a shoreline. The mobile lab has two entry/exit points, both sides should remain accessible during a visit. The mobile lab is also wheelchair accessible. Extra space should be provided on the entrance to provide adequate space for students to access the wheelchair ramp.

School Address:			
Will the mobile lab be parked inside a gate?	Yes <input type="checkbox"/> No <input type="checkbox"/> If yes, what are the operating hours of the gate?		
Contact person on Delivery Date:		Cell phone:	

### Choosing a space:

- Be mindful of any low poles, power lines, tree branches.
- Parking location should be easy to access, no curbs or wild turns.
- Please avoid any parking area that will disrupt the flow of your day-to-day operations.
- The lab expands 4 ft on each side, please ensure space.
- If needed, the wheelchair ramp attaches to the entrance door, please allow space for wheelchair ramp.
- The contact person on delivery day should be available during delivery, in case the driver has issues when delivering.
- The mobile lab is transported by a semi-truck, please make sure the space allows for clearance of the semi.
- Please leave cones in the designated lab parking area the night before delivery.
- If you're parking inside a gate, please provide Learning Undefeated staff with instructions to enter and exit as they please.

#### PARKING MAP

In the space below, please draw a map of the location where you want the lab placed, including any landmarks that will help the driver place the mobile laboratory in its correct location. **Also, please attach a notated Google Map of the area or a photograph of the parking space highlighting the designated lab parking area.**
